

Rev. Julie J. Montague,
Minister Unity of the Valley Church

To Whom It May Concern:

This letter is to whole-heartily recommend Linda Leigh Johnson who has spoken several times for me on Sundays and taught many classes and workshops, including "Integrating Awareness with Being" - her 12 lesson course. People attending this class thoroughly enjoyed it and shared with me how powerful the tools they learned are. We have all be delighted with Linda's humor countless times and her communication skills are excellent. She has a unique way of teaching spiritual principles in a simple down to earth manner those appeals to everyone.

When she speaks for me on Sundays everyone loves her message and she is one of the few speakers we have had which it seems everyone can relate to her. I just think she is wonderful and hope you will consider her for your church.

Blessings,

Rev. Julie J. Montague, Minister
Unity of the Valley Church, White Rock, BC
