To Whom It May Concern:

I have known Linda Johnson for three years and she has been an important resource for our congregation in many ways. Linda is a premier teacher and facilitator who communicates well with people of all ages. Her classes here at the church have been well attended and she always leaves her students wanting more.

Especially impressive is Linda's work with the Lord's Prayer as well as the teachings of Gurdjieff and Ouspensky. Linda uses new technologies as well as standard practices to move the students through the lessons. Linda is also a master at integrating meditation and humor to help maintain the student's interest.

We have found that Linda is able to motivate people to study and inspire them to practice the Truth principles. Please consider this a recommendation of the highest order for Linda Johnson and her work.
